

ABOUT

I am a dedicated junior golfer and high school student from Córdoba, Argentina, with the goal of competing at the collegiate level in the United States. I train with discipline and purpose, focusing on improving physically, mentally, and emotionally while competing as much as possible through Fall 2027. My objectives are to enter the WAGR and become one of the top junior players in Argentina.

My strengths are my short game, putting, and competitive mindset. I thrive under pressure, am highly coachable, and bring focus, discipline, and a positive attitude as both a competitor and teammate.
