

ABOUT

I am a junior golfer and high school student from Entre Ríos, Argentina, set to graduate in December 2026. I aspire to play collegiate golf, earn a degree, and pursue a professional golf career.

I train at the Argentine Golf Association's Elite Performance Center in Buenos Aires and have represented Argentina in South American Championships, as well as at the Girls Junior World Championship in Canada. I value team golf and competitive international experience.

My strengths include distance, ball striking with my irons, short game, and on course problem-solving. I compete with a calm, confident mindset and bring a positive, team-oriented attitude both on and off the course.

MIA YAYA
